

As part of a Nassau County DPW resurfacing requirements contract, we are going to be doing milling and paving work on the LIE South Service Road from Shelter Rock Road to Searingtown Road & Willis Avenue to Roslyn Road in the Village of North Hills & Roslyn Heights respectively.

We will be starting the work on Tuesday 10/9/18 during the hours of 9 PM to 6 AM. We anticipate the work taking two weeks and taking place at night.
